

Reeve predicts steady growth

Dysart et al will continue with its steady growth rate in 1977 according to Reeve Murray Fearrey.

In his inaugural address to the council said he can see an increase in assessment, more housing, the construction of senior citizen housing and a number of other items.

Reeve Fearrey said that there is the possibility of the establishment of low

rental housing in the municipality and a new museum for the area.

"I think the municipality should emphasize the need for industry," he said.

The reeve said that a need has already arisen for council to travel to Queen's park to discuss problems. The two most pressing he said would be the police protection situation in

Haliburton Village and the sanitary sewers. He said that this trip to Toronto would have to be made in January.

"We have a busy year ahead of us," he said.

Reeve Fearrey told the council that although they are elected on a ward system they will have to work for the entire municipality. "We are here to

make decisions to benefit the entire municipality," he said.

He spoke of the good relationships between the staff of the municipality and the council and that that will have to continue with the new council if the municipality is to continue to operate properly.

Rev. Trevor Denney was present at the inaugural meeting of the council to

say a few words and a prayer for the council.

Rev. Denney spoke on the good relationships that will have to be developed between members of the council and amongst the council and staff of the municipality.

The inaugural meeting of Dysart Council was held Monday beginning at 11 a.m. at the municipal building.

"The role of the weekly newspaper is to mirror, faithfully and conscientiously, the community to the community, to provoke it where necessary, to praise it whenever possible, to defend it faithfully but always to serve it best by penetrating with the local news to a depth not possible with any other media."

From Vol. 1, Report of the Special Senate Committee on Mass Media, 1970.

Haliburton County The Echo

The voice of the Highlands

The Haliburton County Echo was established in 1882 as the Minden Echo and Haliburton Recorder. It is an independent weekly newspaper serving Haliburton County as its voice for 94 years. The Echo is published every Wednesday by Algonquin Graphics Ltd. Box 360 Haliburton, Ontario.

Vol. 93 20

Wednesday, January 12, 1977

20 cents

Fines going up for parking offenders

People who do not put pennies or nickels into downtown parking meters in Haliburton Village will soon find it pretty expensive to keep paying the fines.

Dysart et al council decided that although the fine for the first offense on one day will remain the same at \$1 but if you are nabbed a second time during that 24 hour it will cost \$5.

Reeve Murray Fearrey referred to the problem of parking in Haliburton as "age old" and it is greatly created by the local businessmen who park on the streets.

Reeve Fearrey originally suggested that the fine be \$10 for the second offense pointing out that the municipality is more interested in penalizing second offenders than people who only get caught once.

Councillor Roy Brohm said that if the meters were looked after once a day the problem would solve itself. "Once the store owners get hit two or three times they will move their cars," he said.

Council also decided to spend about \$200 to change the meters to that dimes can be used as well as pennies and nickels. When the meters are changed it will not mean that the motorists will get any more time to park by using a dime in the meter though.

The meters will still be geared to give 12 minutes for one cent and 60 minutes for both a dime and a nickel.

Dr. George Lewis of Peterborough, Dr. Edward Christiansen and Dr. Harry Good, both of Haliburton drink a toast at a dinner given at the PineStone Inn January 5 to honor Dr. Christiansen. Dr. Christiansen has announced his retirement from his practice in Haliburton after many years of serving the medical profession in some far-reaching ways. See story page five.

Sewers and police

Council planning meetings

Dysart et al Council we be asking Victoria-Haliburton MPP John Eakins to set up a meeting with Ontario Solicitor General John McBeth and Attorney General Roy McMurtry over police protection in Haliburton Village.

Mr. Eakins told The Echo that he is only too happy to help in the matter.

He pointed out that he has sent

a letter to Ontario Provincial Police Commissioner Harold Graham stating that resort areas should have more police protection rather than have it reduced.

Mr. Eakins said he recently helped Bobcaygeon on a policing problem.

One thing the MPP would like to see for the resort villages such as Haliburton and Minden is one

local constable to do such things as check doors on commercial establishments.

He said that there should be a permanent man in Minden, Haliburton and Fenelon Falls during the peak season in the summer.

Mr. Eakins said he is not finding fault with the OPP but the local man would serve a place.

In Haliburton

Sewers hit a snag

There just might not be any funds in 1977 for the second stage of Haliburton Village's sewer project.

Reeve Murray Fearrey said that Minister of Environment George Kerr has gone back on his word and that Dysart Council had been assured that although funds would not be available in 1976 the

municipality would get a priority position in 1977.

Councillor Roy Brohm commented that Dysart seems to be going downhill fast as to who gets priorities in sewer projects.

Reeve Fearrey noted that the tile bed at Haliburton Highlands Secondary School is not working properly and it may be, in the

long run, cheaper to install a section of the second phase of the sewage project than replace the tiles at the high school.

The proposal would be to include the hospital in on that section of the project.

The council will be asking Victoria-Haliburton MPP John Eakins to arrange the meetings with Mr. Kerr in order to explain the problems the municipality is having with the project.

Mr. Eakins told The Echo that he is more than willing to help the council with the sewage project and will be attempting to get the meeting arranged with the Minister.

Christy Ackerblade met the world on Thursday, January 6th at 12:45 p.m. She is officially the first baby of the New Year, and was delivered by Dr. Harry Good at the Haliburton Red Cross Hospital. Her mother, Bonny Ackerblade and father Lloyd Ackerblade, live at Horseshoe Lake near Minden. Christy's three year old brother Gregory is reported to be thrilled with the thoughts of having a new baby in the home. In fact, Mrs. Ackerblade said, Gregory wanted to take home some of the other new borns at the hospital. Having the New Year's baby will have to be enough.

Geared to income housing

The Municipality of Dysart et al will likely be getting geared to income housing as soon as a suitable site can be found.

A needs study conducted by the provincial government in the area showed a need for 13 low rental, geared to income type of housing units.

Reeve Murray Fearrey said that the municipality has not picked out a site yet has approval from the province for the units.

This is the second study done in Dysart on low rental housing.

Charles Plewman gives readers of The Echo an insight into Extendicare. Mr. Plewman's column can be found on page 9 of this week's Echo.

Dysart's new municipal council

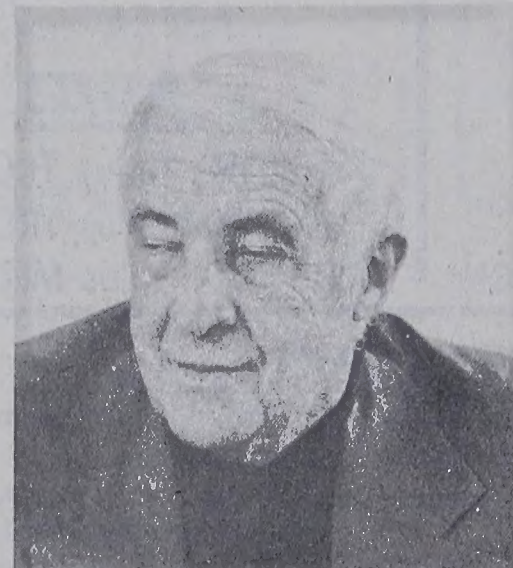

Harold Bannon

Harold Bannon, deputy reeve for Dysart et al, is looking forward to a "big year" for the municipality. He said that he would like to see the council appoint a committee to look into the possibility of an industrial park in Donald and an attempt to find money for a recreation director for the municipality.

Roy Brohm

Roy Brohm, councillor, said that he put his name up for the position to help the municipality of Dysart et al. He said that he hopes to make the municipality a better place for business development. What he would like to see in Dysart is a government institution located in the area which would employ as many as 200 people.

Jack Denholm

Jack Denholm, a first time councillor in Dysart et al, said that he appreciates the opportunity to work with the council. At this point Mr. Denholm said he hopes to see the municipality continue in a forward motion. Mr. Denholm was the only councillor that had to be elected in the municipal election.

Gary McKnight

Gary McKnight, who is sitting on Dysart et al Council for a second two year term, said he is looking forward to keeping up a good rapport between the members of the council, reeve and deputy reeve as well as keeping a good relationship with the municipal staff.

Tentative constitution drawn up for Livestock producers

A tentative constitution was drawn up on Thursday for the Haliburton County Livestock Producers' Association.

The executive of the Association, elected at a general meeting December 8, met with Carm Hamilton, this area's representative

from the Ministry of Agriculture and Food at the municipal chambers in Minden. The constitution that they discussed is to be brought before the public meeting to be held by the Association at the municipal building today, Jan. 12 at 7:30 p.m.

The aims of the Association, as defined by the outline of the constitution are to represent the interests of livestock owners and to provide a medium for the discussion of problems of common interest.

It is also intended to promote improvement in the quality of livestock produced in Haliburton County. Meetings are to be held for the purpose of informing the members of the Association of the latest developments in the agriculture industry and in livestock production.

Anyone interested may belong, although only those who own livestock are to have voting privileges.

The constitution will have to be passed by the general meeting in a month's time, after notification has been given that the constitution is to be voted on. Today's meeting will familiarize those who attend with the contents.

The executive which includes the six members from the six designated farming communities in the county, is to have a dual purpose. It will also act as the Veterinary Service Committee, with Carm Hamilton acting as secretary.

In connection with the Veterinary Assistance Policy of the Ontario Ministry of Livestock and Food, the Committee hopes to have a veterinary supplied to service large animals in the area. The provincial government supplies a veterinary to what it considers eligible areas, and guarantees him an income of \$8,000. The Haliburton Committee, however will have to guarantee \$1,000 towards the cost of his services.

Application is to be made by the Committee for these veterinary services, and methods of raising the \$1,000 have been discussed.

The Livestock Producer's Association is also eligible for membership in the Ontario Cattleman's Association. Secretary Treasurer Bruce Fraser was appointed as a provincial director for the Cattleman's Association. He will have voting privileges on its board of directors, and hopes to represent Haliburton at the annual meeting of the O.C.A. which is to be held in February.

On Sunday January 9th the coaches, managers and directors of minor hockey in this zone met at Fenelon Falls to discuss the problems of the current season and set-up the play-off divisions. A major topic of the conversation concerned referees.

There were many complaints from various clubs about bias and incompetence on the part of referees. It was readily admitted that in a great many cases the referees were well founded, but the league is suffering from a shortage of people willing to train and work as referees and if they continue to be abused and resign because of it we will have none. The league in turn complained of some of the clubs allowing abusive or incompetent coaches on the bench, providing poor examples to the players and also that many centres did not have an adult in the time keepers box.

The problem from both directions comes back to the same thing. Lack of manpower. Minor Hockey is hanging together by a thin thread because there are just not enough people willing and able to work at it. Some people do not make good coaches or referees or -- you name it -- but if they are the only ones to volunteer, how can you

avoid allowing them to carry on.

In Dysart, during the election, deputy reeve Harold Bannon came out in favour of a full time recreational director. Reeve Murray Fearrey and councillor Gary McKnight concurred with this idea and so it would seem that such a position should shortly be created by council. It will be none to soon. Minor Hockey is just one of a number of recreational activities that require the attention of a full time person.

Play-off divisions were set up at this meeting. Haliburton is now identified as

D-D classification and Minden is in D. Haliburton teams will meet Bobcaygeon, Beaverton and Cannington in zone play-offs with the semi-finals to be completed by Feb. 6th and the zone winner by the 23rd of February.

Zone convenor Ed Grimshaw noted at the meeting that although he was concerned about the number of incidents and suspensions that had to be handled here, he was at least pleased to report that we had one of the best records around Ontario. It is not, however, good enough to be satisfied with our present situation simply

because it's even worse elsewhere. It's important not to lose sight of the fact that Minor Hockey is for the enjoyment of the hockey players -- not the parents and the fans. Please help make it so.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE ONTARIO HERITAGE ACT, 1974, S.O. CHAPTER 122 AND IN THE MATTER OF THE LANDS AND PREMISES KNOWN MUNICIPALLY AS THE TOWN HALL, IN THE VILLAGE OF HALIBURTON, IN THE PROVINCE OF ONTARIO:

NOTICE OF INTENTION TO DESIGNATE

Take notice that the Council of the Corporation of the Municipality of Dysart et al, on the 13th day of December, 1976, decided to designate the lands and buildings known municipally as the Town Hall as a property of historical value or interest under The Ontario Heritage Act, 1974, S.O. Chapter 122.

SHORT STATEMENT OF THE REASONS FOR THE PROPOSED DESIGNATION:

The Town Hall is recommended for designation for architectural and historical reasons. Originally constructed in 1897, it soon became the centre of all activity within the community. Concerts, socials, arts and agricultural displays were just a few of the many events that were held in the building. Such notables as Lord Wellington, The Honorable Leslie M. Frost and Miss Pauline Johnson all made visits to the Town Hall. In addition, the 109th Battalion used the Hall as their headquarters during the First World War. It has always been used as the meeting place for the Municipal Councils as well as serving as the municipal offices. The Town Hall is also important as a well-designed and quite well preserved stone structure of the late 19th century. Notice of objection to the designation may be served on the Clerk within thirty days of January 6th, 1977.

DATED at Haliburton this 6th day of January, 1977.

Provincial Body Aims Snowmobilers' Concerns at Haliburton Meet

The Ontario Federation of Snowmobile Clubs met last weekend at the PineStone Inn to discuss and deliberate upon several matters of urgent concern to the snowmobilers of the Province. A two-hour segment of the meeting was thrown open to local snowmobilers so that specific problems in the area might be heard. Similar open sessions are scheduled at each monthly meeting, and these meetings are moved from point to point in the Province so that the widely differing concerns of every sector may receive the attention of the 16 member Board.

The Federation is made up of some 200 snowmobile clubs, including the Haliburton County Snowmobile Association and the Paudash Trail Blazers in this area, and is the recognized voice of all snowmobilers in Ontario. Its board of directors number 16, each serving a two-year term, with half of them being replaced or re-elected each year at the annual convention in April. Each director must serve as a field worker in his own community and surrounding area so that the presence of the Federation may be felt in every sector of the Province.

A major topic for consideration at this Haliburton meeting was a 64-page white paper on the future of snowmobiling in Ontario, prepared by the OFSC's Government Committee for presentation this week, to the Premier of Ontario and the Ministries of Industry and Tourism, Transportation and Communications, Natural Resources, as well as to the Attorney General, the Secretariat for Resources Development, Treasury, Economics and Intergovernmental Affairs. The document was given final approval by the board at a special Saturday evening session, which superseded the scheduled snowmobile ride, and was made ready for submission to the above mentioned Government departments Monday, and to the Ontario Trails Council at their Sudbury meeting on Tuesday.

Space will not permit a full review of the white paper's contents, but, to summarize very briefly, it is a well-researched and fully documented statement of the Federation's concerns for the Ontario snowmobiler. It is a proposal to the Government for a five-year plan of development, built upon the impact of the snowmobile on industry and economics and the emerging importance of winter recreation in the changing patterns and growth of tourism in the Province. It provides num-

erous concrete suggestions for a viable Provincial snowmobile policy, and it

proposes a long-range trails program to extend, improve and interconnect the existing club-produced trail network and Ministry-managed trails on Crown lands. The paper strongly recommends that 80 per cent of snowmobile registration revenue, or a minimum of \$750,000 per year for the next five years be utilized for trail building purposes, with a substantial

portion of the fund available to clubs who have the manpower, the expertise and the energetic forces to make the program work to the best advantage for all. It points out that such a program is self-supporting and that, if it is administered properly, it will be a profitable investment for the Province.

We seem to recall writing similar words into our briefs

to the Select Committee some four years ago. Briefs which helped to bring about revisions in snowmobile legislation, the interim trails program, and the current operators safety training and licensing program as well as other worthwhile developments. Snowmobiler organization was in its infancy then, still struggling to find its way in a highly dis-

organized sport, yet we were listened to. We are a little older now, and we hope a great deal wiser. We have found our way. And the Ontario Federation of Snowmobile Clubs is pointing the way for the Government of Ontario and for other trails using recreations. This white paper is but one of the many steps the OFSC is taking to ensure that the

snowmobilers of Ontario will be able to long enjoy their safe and healthful recreation.

Operator Training

This writer, in the capacity of master instructor and, until last week, secretary of the HCSA has been receiving numerous queries regarding dates of snowmobile operator training schools. Many of the calls come from

cottage owners or visitors to the area who wish to have their children trained while here on a weekend visit. It is becoming apparent that weekend classes may be difficult to schedule, since the instructors now trained are business people who are not free on the weekends. To those who have already submitted applications for the course we must ask that

you bear with us a little longer. We will shortly have two new instructors, one at Kenna Lake (Kenna Lake Snowmobile Association) and one near Haliburton village (HSCA). Both of these should be able to work you in on a weekend course by early February. For those able to attend on weekday evenings, classes should be available later this month.

H.H.S.S. News

BY BECKY DAVIDSON
We have a new exchange student in our school from Campeche, Mexico. Beatrice Baqueiro will be with us for the next six months. We are also expecting another exchange student from Australia to be coming to H.H.S.S. for one year in the near future. One of our own students, Henny VanLieshout, will soon be travelling to Australia, as our exchange. Mary Lou Johnson, another H.H.S.S. student, has been in Australia since September and will be coming back home this summer.
On Thursday, January 6, our boys' basketball teams hosted Brock High School. Results of the senior game were 58-56 for Brock. Our high scorers were Dick Stouffer with 19 points and Peter McElwain with 10 points. Brock juniors won 60-31 with our high scorer being Dave Levely with 15 points. Brock midgets won 69-31. Our high scorers were Tim Davies with 16 points and Steve Bishop with 10 points.
Our 50-Mile Club will have finished its second month of running on January 10, 1977. This week's results are Mr. Brohman - 40 miles, Miss Keohler - 37 miles and Mr. Oakley 28 miles.
In competing in Division 4 of the Ontario Schoolboy Championship, our curling team was eliminated in the Quarter-Finals held in Peterborough and Lindsay. They won two out of four games. Congratulations for a good effort, so far, to Steve Colliver, Grant Wallace,

Brent Colliver and Mike Cummings.
Forty fortunate students and friends travelled to Toronto on December 23, 1976 to see Tchaikovsky's beautiful "Nutcracker." The performance was excellent and featured Canada's best - Karen Bain and Frank Augustyn. It was a great cultural experience enjoyed and appreciated by all.
Our students, are busy studying for their exams, which start this Fri. Jan. 14.

Phone rates going up in Wilberforce

Basic monthly phone rates will go up in the Wilberforce exchange on Jan. 16, Ken Witherden, local Bell Canada manager in this area said today.

He said phone growth in the Wilberforce local calling area has pushed the phone number total over the highest total allowed for present rates.

Basic rates are tied directly to local calling area phone number totals. A local calling area includes all exchanges you can reach via a local call.

Private line residence service will cost 35 cents more a month, while two-party service will increase by 35 cents.

This increase, known as upgrouping, is authorized by the Canadian Radio-television and Telecommunications Commission, Bell's federal regulatory agency.

Twice a year the company must file with the CRTC a list of exchanges whose local phone number totals have exceeded the upper limits of their rate groups.

Because phone totals can drop as well as increase, totals have to exceed the upper limits allowed by at least five percent.

Candy price rip-off turning kids sour

The candy price "rip-off" is turning the kids sour and you can't blame them. As we are well aware, the price of chocolate bars has now gone up from 20 cents to 25 cents. What still amazes us is the fact that the price always goes up and the size of the candy bars is made smaller to the point that we will soon need a magnifying glass to see the bars.

A number of local merchants in Haliburton County have told us that they are going to take the chocolate bars right off their counters and not sell them at all. We don't blame them one bit. Why should the children who only have a few cents in their pockets have to pay this rip off price for a chocolate bar?

Chocolate bar prices leaped to 27 cents (25 cents plus 2 cents sales tax) at most stores up from the 20 cent price reached in August, 1974. Rountree-Mackintosh Canada Ltd. recently joined William Neilson Ltd. Canada's largest candy bar market, in a nickel hike to 25 cents. The additional 2 cents comes through the courtesy of the Ontario Government which applies sales tax on confection items over 21 cents.

One of the big questions seems to be that when sugar went up last time chocolate bars went up, but when sugar went down, why didn't the price of bars?

Karen O'Connor, 13 of Inglewood Drive in Toronto thought the new prices would force people "to buy stuff that's better for them, but since they've gone up I'm not going to."

Candy bar makers have said they'll increase the size of the bars to help compensate for the inflation, but many are skeptical of this.

It could be that if people would just stop eating and buying chocolate bars that the price will come down. Lets hope so. It seems ridiculous to pay 27 cents for a chocolate bar.

Dysart's new council

Dysart et al, is off and running for another year with a new council. Dysart's council, with its two members was officially inaugurated Monday.

We would hope that the new council will be able to carry on in the tradition of the old council. Working to see Dysart continues to go forward as it has over the past years.

Dysart is a growing community, with a lot to look forward to. Business and commerce is increasing all of the time. We have a good mixture of old and new businesses. The population, because of the official plan, is growing in an orderly fashion with residential development taking place in the best interest of all of the people.

Dysart has been very successful during the past years, a direct result of the hard work of its elected officials. As usual the onus will be on the elected officials again but we are sure the choices of the voters will once again prove to be the best for Dysart et al.

A major project

Dysart et al's council request for better police protection in Haliburton Village should continue into a major project of 1977.

Last year's council has committed the municipality to getting more police protection and it will be up to the new council to follow it through during the year.

It will be a long tough struggle. To this point council has received little help or satisfaction from the Ontario Provincial Police Commissioners office in Toronto. Because of that Dysart has been forced to go higher up. Such as to the Attorney General's office.

Now the council is in the process of planning a meeting with the Attorney General. If not satisfied from that point there are many high people to see, such as the Premier and of course Ontario's Ombudsman.

Dysart council will and has to continue the battle. The people of Haliburton Village deserve good police protection.

Pic of the Past

Our Pic of the Past this week shows Miss C. Dover who was the first Postmistress at the Haliburton Post Office. She was Postmistress up to June 1923. Our thanks to Lena Clarke of Eagle Lake for submitting this photo.

Haliburton Highlights

BY CREIGHTON FEIR

The Furniture show is on in Toronto this week and many of the local business people are away attending the show.

The Haliburton Huskies will be meeting Bancroft at the Haliburton Arena this Friday night with game time at 8:30 p.m. Be sure and get out and cheer the Huskies on to victory.

As we write this column on Monday morning Haliburton is in for one of the biggest snow falls of the season. Its blowing making driving very treacherous.

George J. Tzangas will be the guest speaker when the Full Gospel Businessmen hold their monthly dinner meeting at Deer Lodge this coming Saturday evening at 7:00 p.m. Only 200 tickets are available. Tickets are available at the Kosy Korner Restaurant.

Pine Ridge Resort at Miners Bay formerly owned by Mr. and Mrs. Ron Wood has been sold to Mr. and Mrs. David Gallagher who have cottaged in the area for many years. We wish them every success in their new business venture.

The repairs to the Haliburton Arena are well underway and the repairs to the roof are almost completed but quite a bit more work in other areas of the arena are yet to be done.

It was another big weekend at Sir Sam's Inn ski hill when literally thousands were on hand to ski. The weather was great for skiing over the

weekend and everyone on the hill reported having a great time.

The following are the winners of the UNIREP draw held at the business establishment of Bill Findlay at Haliburton: 1st prize Craig Stereo won by Jason Biagi of Haliburton, 2nd prize Multi Band Radio won by Jackie Cyran, Haliburton. The draw was made by Murray Fearrey. Reeve of the municipality of Dysart et al on December 22nd.

When a car pulls strongly to one side as the brakes are applied it means you've got a soft tire or, more likely, a contaminated worn lining. This is a serious safety problem, warns the Ontario Safety League, that should be checked out and fixed immediately.

The Happy Gang at Extensicare - Haliburton held a party for the "Over Sixties" on Tuesday, January 7th at 2:00 p.m. Everyone reported having a real good time with plenty of Country and Western Music being supplied by a local group.

Plans are now underway for the Annual Haliburton Winter Carnival which will be held in the latter part of February. Each week we will try to keep you up to date on the highlights of this years big event.

Woodland Ranch at R.R. 1 Haliburton are offering Snowmobile and Cross Country Skiing. They have 6000 acres of groomed trails marked and mapped. Trails adjoin County Snowmobile Trail.

Editor's notebook

BY JIM BADGLEY

Surprise, surprise, the police protection question in Haliburton Village was not just an election issue.

Reeve Murray Fearrey, first of all did not need an issue to run for the position, because he was elected by acclamation. I didn't hear either one of the deputy reeve candidates get heavily into the police protection story either, nor were the council candidates.

Dysart council is still planning on meeting with the Attorney General about the situation.

To think, 1976 is over and done with. I myself, read with a great deal of interest, the year end review in The Echo last week. It is hard to believe that so much time has passed since some of these events took place.

Looking back into '76 for the last time, because it is always better to look at what is coming. I find a number of things that have happened in Haliburton that have had a great deal of significance and impact.

Certainly we will not soon forget the famous sewage project, if for no other reason than it is

still going on. Police protection is another continuous issue in and around the county and Haliburton Village.

There has been more though, the talk of restructuring and official plans. Things that usually most people do not pay a great deal of attention to until it is too late.

There was and still is the fixing of the Dysart Arena, not to mention the repair job that had to be done on the Monmouth Arena. Soon our arenas will be back to normal and most of the problems will be forgotten.

There are many more items of significance that are too numerous to note but Haliburton in 1976 was a place where things were happening.

Once again I can announce that I lost in the Wintario draw, as I have in every lottery that happens.

With Wintario money being used to fix the Dysart Arena, I feel I own a pretty good chunk of it by now. The saying, we all win with Wintario is true though, because it would have been difficult to make the repairs on the arena.

Coach not proud of teams performance

Bill Davis, coach of the Haliburton Beaconbrook Midgets, has offered his apologies for the type of game his club played Saturday night at the Dysart Arena.

Davis said, "We definitely are not proud of the way we played." He was commenting on the physical performance of his club in a game which was played against Oakwood. Haliburton won the game.

Davis said that no doubt

both teams were out head hunting and the referees took a great deal of abuse from him and other people.

He said the abuse he gave the referees was not warranted but he did it because he feared for the safety of his players.

Davis noted that the game got out of hand and enough penalties were not called against either team. Haliburton took 34 minutes in penalties in the contest.

Lillian Gorveatt leads Combines

Lillian Gorveatt led the high triple standings on January 4 in the Tuesday Night Combines Bowling League.

Lillian bowled scores of 216, 243 and 194 for a high total of 653. Next in the standings was Bruce Medcalf Jr., with 217, 210 and 213 for 640. Not far below, Bob Patton rolled 217, 206 and 213 for 636 and third place in triple scoring.

Brenda McKinlay bowled 176, 240 and 219 for 635, Gail Medcalf had 194, 198

and 237 for 629, Jim Foster totalled 638 with scores of 188, 198, and 242 followed by Bill Cowan with 207, 195 and 215 for 617. George Bunn bowled 232, 184 and 198 for 614 and Pearl Foster had 160, 202 and 249 for 611.

Peggy Henderson had the best high single score with 267 points. David McKinlay rolled 232, Debbie Harding 220, Jack Yatsman 217, Georgina Boland 214, Neva Hobden 212 and Eugene Ripley 208.

Council wants to see site of yard

Dysart et al Council reserved any decision it will make on whether or not an automobile wrecking yard will be allowed to locate on a parcel of land on Buckhorn Road.

The council decided to reserve the decision until it had an opportunity to see the site.

John Peel, who is proposing to start the business, told the council that there are two possible places to locate the yard on a 60 acre parcel of land he owns.

Mr. Peel said that one location is only visible from a few areas while the other area is not visible at all.

Maple Lake News

by Ada Gibbs

Rev. Gerald Johnson, Mrs. Johnson and family of Ilderton enjoyed a few days during the holiday season at their summer home on the lake.

St. Peter's Church congregation is enjoying the extra floor warmth provided by four large baseboard heaters, which were installed in the church basement a short time ago.

The Clarence Redners, visited with Mr. and Mrs. Elwood Limebeer of Courtrie Christmas Day, then received a return visit from Pat & Woody for the New Year's weekend on the home farm.

Alven Ferguson played host to the John McKee's of Etobicoke over the Christmas weekend.

Holiday guests with Mr. and Mrs. Vyril Finch were Mr. and Mrs. Gordon Collins and children of Markham Mr. and Mrs. Raymond Finch and family, also Mr. and Mrs. John Finch.

Mrs. Winnifred Johnson spent the Christmas season with her sons, Bill of Toronto and Gerald of Ilderton. On her return home, Mrs. Johnson Sr. was accompanied by Bill, who remained with his mother for the duration of the holiday.

Get well wishes are expressed by all the friends of Mrs. Stewart Dawson, and Mrs. Roy McPhail who are convalescing in the Civic Hospital, Peterborough.

Stanhope Twp. Library has had a most successful year 1976. Circulation has doubled that of 1975 in every month except July and August, when the circulation is extra high any year, because of the summer visitors who patronize the library.

Speaking with the librarian, Isabelle, I understand the total output of books for 1976 was 9133. Not only was the meeting room downstairs in the library building used for the showing of weekly movies last summer, but different groups have asked to hold business meetings there. Christmas movies were shown Dec. 19th followed by

a social time with lunch served by the library committee. Although this event was advertised by posters in several of the local stores it might have been better attended. Those who came enjoyed the excellent movies every one in the Christmas spirit, from the National Film Board. We extend hearty thanks to Mrs. Ray Welch in this regard as she has worked hard to make the movie nights a success.

At the first meeting of Stanhope Council in 1977 some changes were made on the library committee. The following persons were appointed for 1977 and 1978 subject to the approval of each individual.

Mr. Elgin Stouffer - Council representative; Mr. Alex Stevenson - Chairman; Mrs. Maraylene Welch - Treasurer; Miss Ada Gibbs - Secretary; Mrs. Evelyn Gibson; Mr. Norman Wallace

Several fish huts appeared on Maple Lake just over night once the season opened and the fishermen are quite pleased with the catch they have made already.

The John Barclays had a most interesting holiday season. Not only were the various members of the family at home for Christmas but they also celebrated the birthday of Mrs. Barclay's mother, Mrs. Ethel Davis who is now 91 years young. This lady is very active still, a great knitter for our A.C.W. and as she says "I'm still jogging," and she really is. Congratulations, Mrs. Davis.

Our community sends good wishes to Mrs. Herb Fountain (Annie) who is under the doctor's care in hospital.

The Kyte families are spending the week-end at their cottage on Maple Lake, hoping for some good skiing while here.

Mrs. Grace Martin has returned from Peterborough to be with her aunt, Mrs. W. Johnson for the winter. Mrs. Martin's daughter, April is visiting with them at present.

This and That

BY JENNIFER WOODS

It is at this time of the year that I like to bring Spring-time into my house in the form of plants. I realized that I could turn this visual delight into a tasty delight, so I have begun to grow my own vegetables and herbs. I have been reading *The Organic Gardener* by Catherine Osgood Foster and I heartily recommend it for the beginnings of your kitchen window garden. Her book is full of good sound advice.

She suggests that you start in a small way and save vegetable garbage and wood chips to make your own compost heaps. Plant some whole potatoes in soil that you have mixed yourself (mix 7 parts loam, 3 parts peat, and 2 parts sand and for each 12 cups add half a cup of compost or dried cow manure.) When you plant your potato use a large clay pot (8") and don't bother to cut the tuber. If you are lucky sprouts will appear in a few days. Let it grow. It needs lots of water and Mrs. Foster suggest that you use a carrot top as an indicator. When there is enough water the carrot leaves that grow out of the top look fine and healthy and of course when there is not enough water they droop. The potato plant will go through its cycle, blossoms will appear and fall off. As in the garden the leaves of the potato plant will yellow and fall and this will indicate that the vegetable is ready. So at this time pull up the plant and dig around and see if you can find any small potatoes. I can't imagine anything more exciting for children than growing their own vegetables. It will probably make them more interesting in them also.

There are many other things that you can grow in your window. Try starting your tomato plants there. This will give you a great head start. If you want to initiate flowering in your tomato plant try a sugar solution or apple juice.

Grow some marigolds for they can be used later in your garden as repellent plants (they are placed around certain vegetables (beans) and they protect them from invading bugs) and in organic sprays. Try growing some lovage it grows well in your window and it is delicious in a salad as it tastes strongly like celery. You can grow all the mints and chives etc. there really is no end. You will be able to make your own Herb Cream Cheese Spread. Chop the herbs of your choice finely and add to an eight ounce package of Philadelphia Cream Cheese. Blend until the herbs are evenly distributed and store in the fridge. It is just great on toast in the morning.

I hope the sights and smells of your growing garden will add the warmth of your winter.

Dr. Christiansen

Haliburton doctor retires

Dr. Edward Christiansen, who has practised medicine in many parts of the world, last week announced his retirement from the profession. He has been in practice in Haliburton since 1968 and now plans, he says to lead a quiet and peaceful life.

Manpower places 377 in December

During the month of December 1976, the Peterborough Canada Manpower Centre placed 377 persons in regular full-time employment including 3 who were referred to jobs in other parts of Ontario according to Public Relations Officer, John Mahoney.

In addition 41 people were placed in temporary or casual jobs, he said.

Under the Canada Manpower Mobility Program, 6 people were assisted in their move to areas for employment where their skills were in demand. Seven other people were authorized for exploratory assistance for job interviews in other areas.

The Canada Manpower Centre which services Peterborough and Haliburton counties, plus the Townships of Emily, Somerville and Verulam in Victoria County as well as Percy and Seymour Townships in Northumberland County, as well as the town of Campbellford, processing 2497 new and revived applications for employment during the month.

A total of 6,609 persons were registered at the Canada Manpower Centre as being unemployed and seeking work at the end of the month.

There are 322 persons presently attending retraining courses at Sir Sandford Fleming College.

For people who qualify for retraining and have current grade 10 level education, there are immediate places available in the Machine Shop course. This course can be tailored to a person's particular skill requirement for a particular machine e.g. turret lathe; milling machine; etc. Interested people should contact their Manpower Counsellor for more information.

His life to date has certainly been full and very active and his planned retirement may well turn out to be the same.

Dr. Christiansen was educated at Cambridge University in England and at the Edinburgh University, which has for many centuries been famous for the quality of its school of medicine.

He practiced originally in Edinburgh followed by work at the Leamington Spa in Warwickshire, England.

For 26 years he practised abroad in the tropics with her Majesty's Colonial Medical Service. Thirteen years were spent on Seychelles located in the Indian Ocean, 1,000 miles due east of Kenya. The next half of his service was spent in North Borneo.

Upon retirement from Her Majesty's service he joined the World Health Organization, and worked for three years on a public health program in Vietniane,

Laos.

He came to Haliburton from Scotland in 1968, and has served this community with the same warmth and experience that he took to other parts of the world.

Retirement for Dr. Christiansen will mean time to work on his garden, the main occupation of his summer months, time to read, and possibly time to write, all of which sounds as if it could be very productive.

Dr. Christiansen was honoured at a dinner last Wednesday, January 5 at the PineStone Inn. The staff of the office from which he has practiced attended as well as Dr. George Lewis from Peterborough, Dr. and Mrs. Harry Good, Dr. and Mrs. Brian Good, Dennis Good, Harold Herlihey, Mark Schell and Dr. Heyes, Pierce and Hartwick of Haliburton.

Best wishes as always, to Dr. Christiansen.

Huskies upset Bob.

The Haliburton Huskies picked up a win and got some good news over the weekend.

Haliburton downed Bobcaygeon 8-5 Sunday night at the Dysart Arena and for the good news part above that signed Tom Curry, a star forward with the club last season.

Curry is 19 and plays both right wing and centre.

In the game against Bobcaygeon Haliburton started fast and opened up a 3-1 lead at the end of the first period before coming back with a late goal in that period and three more in the third.

Dave Levely opened the scoring at the 8:24 mark of the first period when he fired a goal unassisted.

Joe Roberts, one of the leading scorers in the league and Haliburton's top shooter this season ran the count to 2-0 at 12:04 of the first period on a play from Bernie Nicholls and Dave Hartwick.

Bobcaygeon got back into the battle at the 18:53 mark on a goal by Dave Brumwell from Mark Gernyn and Wayne Pearn.

A goal by Hartwick, just 36 seconds later gave the Huskies a two goal lead again. The goal was scored unassisted.

Roberts looked like he would help Haliburton run Bobcaygeon out of the arena at the 6:53 mark of the second period when he picked up his second tally with an assist going to Hartwick.

The Huskies lead was short lived though, one minute later Bobcaygeon's big defenseman, Steve Austin scored on a play from Kevin Van Alstyne.

Bobcaygeon got within one goal at 9:31 of the period when Brumwell scored from Harold Fitzpatrick.

Just over one minute later Bobcaygeon's Danny Dyne evened the count on a goal from Gerry Geary.

Austin's second goal of the game at 13:21 of the second period put Bobcaygeon in the lead.

A goal by Mark MacDuff with just over one minute remaining in the period knotted the count to send the two clubs into the final frame.

Haliburton came out flying in the third period and went into the lead to stay at 1:32 when Nicholls connected on a play from Barry Shaw.

Roberts got the insurance marker at 7:10 of the final period on a play from Hartwick.

The Huskies put the game away with just 30 seconds to

play when MacDuff scored from Hartwick and Ed Roberts.

A total of 33 penalties were called in the game with 20 going to Bobcaygeon.

Haliburton's next game is

Jean Foster rolls 337

Jean Foster rolled a new high of 337 last week to come up with a triple of 692 in the Wednesday afternoon bowling league. Her average is 184.

Marie Jenkins put together 229, 264, 255 for a 748 with an average of 202.

Ev Griffin had 283 (650) Ray Jenkins 265 (730) Fran Woods 256 (587) Norma Jean Scheffee 237 (583)

tonight when they travel to Bewdley and the club's next home game will be Friday when Bancroft comes to town for a contest slated to start at 8:30 p.m.

Nancy Stinson 222 (576) and Linda Morrison 247 (654).

Alma Steward rolled 207 and 201 after nine weeks absence.

The Fonzies have a commanding lead of 36 points, Holly Hawks and Sooners 23 each, Flyers 22, Floozies 18 and Jets 4.

Ev Stata holds the high triple of 783 (294, 279, 210.) Audrey and Bill Barber hold the high singles of 312 and 357.

Curling news

Three rinks of ladies represented our Haliburton Club at Fenelon Club Sat. Jan. 5, with Christene Bailey's rink bringing home prizes as 2 game winners. Chris had Marg Fielding, Sharon Chatfield and Donna Bailey with her. The other rinks were Anne Schell's with Karen O'Connor, Anne Hopkins and Jan Young, and Jean Colliver's rink of Kit Keohler, Pauline Brohm and Debbie Woodcock. The girls report excellent competitive curling and a grand dinner, and great hospitality.

Bob Colliver's rink of John Wilson, Clark Bailey and Dick Maclean represented Haliburton in the British Consols play-downs at Peterboro but after 2 extra-end games were eliminated.

The Trophy series is now under way at the Club, and early winners in the Thursday Mixed are Walling, Chatfield, Colliver and Stinson in the 7 o'clock draw, and Ken Wilson, Gray, Blair and McNaul in the 9 o'clock draw. In the mens Steve Collivers Juniors started with a win, as did Clark Bailey, Bob Colliver, Dave Gray, Ron Barr, Bob Huaton and Les Walling. All these rinks are evenly matched and it looks like a great competitive series for the annual trophies. It looks like a big week-end, Jan. 21-22-23 when the Club hosts it's Annual Skyline Bonspiel, with 32 rinks competing for the Haliburton Lbr., Curry Motors, Esso - Connelly and Black Hdwe Trophies. Oshawa as usual is bringing 7 rinks, and other entered from Brechin, Orillia, Uxbridge, Lindsay, Scarboro, Minden, Fenelon and Peterborough. With a big Hockey Tournament next door at the arena and day & night curling at the

Club that corner of our town is going to be very lively. Our club will have our top men curlers in action trying to keep at least some of the prizes at home.

In between our 3 big 'Spiels - the Skyline, the Highland Mixed and the Carnival mixed, we hope to work in a few Saturday night Social Curling dates.

Record Breaking Crowds at Sir Sam's

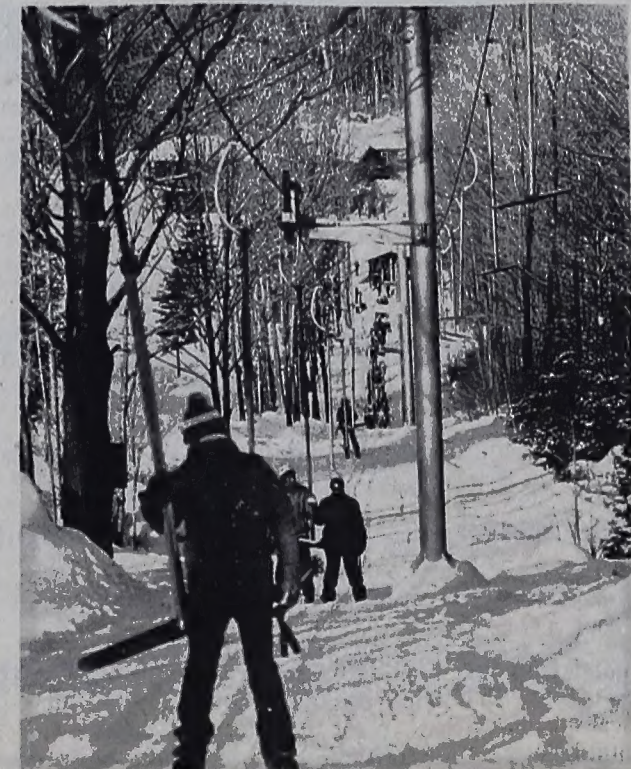

Improved facilities and good weather, combined to bring record breaking crowds to Sir Sam's Ski Area over the holiday season.

Several thousand skiers took advantage of the Christmas Holidays to enjoy the downhill skiing at Sir Sam's Inn. According to Bob Bishop, this ski season will definitely be the biggest ever. Tow tickets sold to date this year show us over 300 per cent ahead of any previous year.

The snow we are getting this week, combined with the good start we have already had almost guarantees a fantastic season.

Firewood still is economical

By R.S. Beagan

Due to the current energy crisis, increasing numbers of homeowners are turning to firewood as a supplementary method of home heating. Most of us currently purchasing firewood are doing so for the first time in our lives, while our parents might be going so for the first time in 25 or 30 years.

How have the prices

changed? Not much really, when the purchasing power of an hour's labour is considered.

Most of us, I suppose, recall our parents or grandparents purchasing firewood for five to ten dollars per short cord, measuring 4 feet high, 8 feet wide, by 16 inches in length! Those days

are gone forever, and anyone who has wielded the old cross-cut saw or the modern chainsaw can tell you why! It's hard work! Some claim that more calories are burned in the exertion of cutting of fuelwood than are given off in the eventual burning process!

When I was a boy, our home was totally heated by

fuelwood consumed at the rate of ten to twelve cords per year. I was burned year round, unless one was fortunate enough to have a kerosene stove on which to cook in summer. Insulation, except for sawdust or wood-shavings, was unheard of, and wood was consumed at a frightful rate. In addition, a load of slabwood, from the local sawmill was a necessity to re-ignite recalcitrant fires which invariably died each night in the absence of hourly stroking.

Our direct out-of-pocket annual costs for 12 cords of firewood in the 1940's were deceptively low - about \$3.00 but the toll in hidden costs was much higher. My father had his own truck, crosscut saw, axe, and a kindly brother having 400 acres of woodland. At 8 miles per gallon average, the 30 mile round trip consumed four gallons on gasoline at 24 cents per gallon, costing roughly one dollar. Three trips, each hauling 1 1/2 long

cords (4 1/2 short cords) cost a total of three dollars per annum, on the surface at least.

In actual cost, however, allowing \$15.00 per day for the truck, three dollars per hour for my father, and one-half dollar per hour each for my brother and I for a ten hour day, the true figure should have been \$55.00 per load, or \$165.00 per annum for the three loads. Divided by 12 cords, the price approached \$14.00 per cord, an interesting figure when one considers that the going rate at that time was about \$6.00 per short cord. Since none of us including the truck drew wages, however, the out-of-pocket costs at \$3.00 per annum for gasoline represented an outlay of merely 25 cents per cord!

Furthermore, wood cutting in those days was regarded by some (not me!) as a form of weekend recreation, with the result that the excursions filled a dual purpose, I suppose!

Surprisingly, today's cost of fuelwood bears a striking resemblance to the 1940 figures of \$14.00 per cord mentioned above. Today, a man and a chainsaw can fell, limb, buck and skid about 4 cords per day. At \$2.00 per hour for the chainsaw and \$5.00 per hour for the man, the \$7.00 hourly cost for 8 hours is \$56.00 or, you guessed it, \$14.00 per cord! But, when eight to ten dollars per cord is added for local delivery the current price of \$22.00 to \$24.00 per cord seems amply justified. Furthermore, haulage of up to 50 or 100 miles would probably add another five to ten dollars per cord depending upon the actual distance and the carrying capacity of the truck. And, remember that surcharge merely represents 10 cents per mile, a price that is even below the break-even figure for operating a car! City-folk then, can expect rather higher prices for fuelwood in future.

Isaac elected to post

Gerald Isaac of R.R. #1 Fenelon Falls was elected President of the Victoria Soil and Crop Improvement Association at their Annual Meeting held last week. Elected first Vice President was Bill Pearson of R.R. #2 Little Britain and Keith Thurston of R.R. #3 Lindsay was elected as second Vice President. Bob Dykstra of R.R. #2 Little Britain is the Past President and Carm

Hamilton, Agricultural Representative, is the Secretary-Treasurer.

Over 75 farmers from across the County attended the Annual Meeting held in the Ops Community Center.

Neil Moore, Soils & Crops Specialist for the area outlined the results of the various demonstration plots which were carried out in the area during 1976. Printed copies of his record are available from the Lindsay

Agricultural Office.

Harvey Wright, Soils & Crops Specialist from Guelph and formerly from Lindsay, was the guest speaker. He reviewed the extensive work which occurs in developing the annual recommendations for managing our hay and pasture crops.

The newly elected Board of Directors will be meeting on February 14th to plan projects and activities for 1977.

"WE SELL THE EARTH & INSURE IT'S CONTENTS!"

The Haliburton Huskies came up with a big win Sunday night when the club upset Bobcaygeon 8-5. The Huskies are hoping to pick up a couple of wins over the next few weeks.

Human carelessness causes most fires

Human carelessness remained the chief cause of 9 out of 10 forest fires in the Algonquin Region during the 1976 fire season according to the Ministry of Natural Resources.

Algonquin Region is comprised of the forest districts of Pembroke, Bancroft, Minden, Algonquin Park, Bracebridge, and Parry Sound.

A total of 285 fires in the region in 1976 burned forested land in excess of 1600 acres. Only 32 of these fires were caused by lightning, the remaining 253 fires being caused by people.

High on the list of "people-caused" fires were such groups as recreationists (108 fires), residents (48 fires), and railways (37 fires.) Over half of the

railway fires occurred on a single day (June 3rd) when red hot carbon from a faulty exhaust system of diesel locomotive set a series of 19 separate fires.

April and June were particular explosive months in the region when more than half the season's fires (146) burned 86 per cent of the season's total acreage.

In sharp contrast, the 61 fires in August consumed only 4 per cent of the season's acreage.

While Algonquin Region experienced 54 per cent fewer fires during 1976 than in the previous season, the province as a whole fared much worse when a record breaking 3983 fires burned almost 1 1/2 million acres. Most of these fires occurred in the northwestern part of the province where severe drought conditions and hot summer weather rendered the forests tinder dry. Dry lightning storms further aggravated the problem.

While there are no hard estimates available on the value of standing timber destroyed in the province during 1976, it is estimated that private property losses approaching \$1.5 million.

This includes damage and loss to cottages, mobile homes, lodges and cut timber.

The 1976 fire season saw all districts within the Algonquin Region contributing heavily in manpower and equipment to the fire fighting effort in Northern and Northwestern parts of the province. In addition to firefighting crews, clerks, accountants, safety officers, foresters, and supervisory staff were air-lifted north to stricken areas and pressed into support services.

What is the outlook for 1977? Pretty grim! Some veteran observers within the ministry are pointing to Australia which is currently experiencing heavy forest fire occurrences during weather equivalent to that which we experience in May of June. "Canada", say some, "can pretty well expect a carbon copy of Australia's fire occurrence pattern in six months time."

With that in mind, ministry officials are spending the winter months gearing up for what could be another record-breaking fire season in 1977. "It's pretty well up to the public," they say.

Wintario Jan. 20

The Ontario Lottery Corporation today announced that the Wintario draw scheduled for January 20th will be televised live from Owen Sound via the Telesat satellite.

Raymond Langdon was one of the many out on Monday trying to cope with 10 inches of snow that clogged parking lots, roads and highways. The variety of snow removal machines that were out was almost as amazing as the amount of snow. It took until Tuesday for traffic to be moving normally on still snowy roads.

Minden finishes second in atom tournament

Saturday's Invitational O.M.H.A. Atom tournament was a good day for Minden, with the Yake Electric Red and White Atoms going right to the top, and losing the final championship match by only one goal to

Oshawa. Minden had winning form either way, with a lone breakaway by Oshawa capt-

ain Grant Springer being the only deciding factor.

Fenelon scored again at 5:19 of the third period, and that final tied was not broken.

players spent a total of 20 in the box.

Minden was declared the winner, and went on from the game against Fenelon to play Oshawa in the championships.

Minden played a tough and clean game against their larger opponents. Kevin Forbes, Minden's star goal tender, was named the defensive player of the game. Honors for offensive play went to Oshawa's Springer.

Oshawa took the first penalty in the game, and managed to stop Minden's tries for the first goal. A Minden penalty to Jeff Stamp evened up the numbers on the ice and then when Oshawa was back to full strength, Minden's Carl Alexander was sent to the box, leaving Minden two men short near the end of period one.

Great saves by Minden's Kevin Forbes in the net, and good Minden defense held Oshawa back, until the teams were evened up once more at the start of the second period.

Kevin Warburton hit the ice in period two, after spending period one off because of a broken skate. He and his line led some good plays, including one interception and attempt on the Oshawa goal that got Minden around but not into the net before the play was stopped by another Oshawa penalty.

Oshawa's break came at 4:54, when captain Grant Springer found a hole in the Minden lines, took the puck from teammate John Lloyd closely followed, skated back to score.

Oshawa dominated the offensive play in the second half of period two, but Minden kept them out of the net.

The pressure was reversed in the third period, with Minden making a lot of good offensive plays that only just failed to get the needed scoring. Minden pulled their goalie in the last minute of play, but the score remained 1-0 for Oshawa.

The Minden Atoms have played an excellent season, and play well as a team. They proved that on Saturday, Minden fans were rightly proud of the success of the Minden Atoms.

The Atoms began the day with a 3-2 win over Haliburton. Haliburton took a lead of 2-0 early in the game, but in the middle of the second period, Minden turned on the heat.

At 5:51, Kevin Warburton scored the first Minden goal, assisted by Scott Yake. Robby McLeod put in the next at 6:29 on a play from John Dillion and Jeff Stamp, to tie things up.

In the third period Minden pulled ahead and stayed there, as Scott Hamilton scored at 3:14 assisted by Kevin Warburton and Scott Yake.

Playing again at 1:00 p.m. Minden met Fenelon Falls in a close match. The final score was 2-2 but the win was given to Minden as the first scorers in the game.

They began the goal getting at 3:07 of the first period on an unassisted goal by Kevin Warburton. Fenelon Falls tied the score at 5:69 and Minden pulled ahead once more, just nine seconds before the end of the second period. That goal was put in by Scott Yake, assisted by Scott Hamilton.

The Haliburton Beaconbrook Midgets will be playing their final two league games this weekend.

Saturday night at 8:30 p.m. the midgets take on Cannington and Sunday at 7 p.m. they come up against Minden. Both games will be played at the Dysart Arena.

The club expects to start playoffs within the next few weeks and in all likelihood will come up against Bobcaygeon in the first round.

DECISION

Ottawa, January 6, 1977

Following a Public Hearing commencing December 7, 1976 in Toronto, Ontario, the Canadian Radio-television and Telecommunications Commission announces the following decision effective forthwith.

Decision CRTC 77-11

Canadian Broadcasting Corporation

The Commission renews the broadcasting licences for the following radio stations in Ontario from April 1, 1977 to March 31, 1980, subject to the licence conditions contained in the Public Announcement of December 17, 1975 (CRTC 75-589) and to other conditions to be specified in the licences. This period will enable the Commission to consider renewal of these licences at the same time as those of other radio licences in the region.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF LOT 14, CON. IV AND V, IN THE TOWNSHIP OF DYSART.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, February 14th, 1977, a By-Law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel, or tract of land and premises, situate lying and being in the Township of Harburn, in the Provisional County of Haliburton and being composed of part or the original allowance for road between Concessions IV and V, across part of Lot 14, in the said Township and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the Northerly limit of Lot 14, Con. IV, having a bearing of North 69 degrees 08 minutes East as shown on Registered Plan No. 226.

COMMENCING at the North Easterly angle of that part of Lot 19, Registered Plan No. 226 for the said township lying in Concession IV;

THENCE South 69 degrees 08 minutes West along the Southerly limit of the aforesaid road allowance, a plan distance of 100 feet to the North Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession IV;

THENCE North 20 degrees 52 minutes West, 66 feet to the South Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V;

THENCE North 69 degrees 08 minutes East along the Northerly limit of the aforesaid road allowance, a distance of 47 feet to the South Easterly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V, at a point distant 66 feet measured Southerly from the high water mark of Haliburton Lake as defined by Registered Plan No. 226;

THENCE Easterly along a line drawn parallel to an distant 66 feet measured Southerly from and perpendicular to the high water mark of Haliburton Lake as defined by Registered Plan No. 226 to a point where the same is intersected by a line drawn through the point of commencement on a course of North 20 degrees 52 minutes West;

THENCE South 20 degrees 52 minutes East to the point of commencement. AND WHICH said parcel or tract of land may be further illustrated as shown on a sketch drawn by H.C. Bishop, O.L.S., dated November 10, 1975 and hereunto attached.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON, this 6th day of January, 1977.

Municipality of Dysart et al

**NOTICE**

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN BLOCKS VI & X, REGISTERED PLAN NO. 1 - TOWN PLOT OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, February 14th, 1977, a By-Law to Close, Stop Up and Convey the following:

ALL that part of the original allowance for road between Blocks VI & X, Registered Plan Number 1, known as the Town Plot of Haliburton adjoining Lot 8, Block 6, in the said Town Plot, in the Township of Dysart, in the Provisional County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1232.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON this 6th day of January, 1977.

Midgets win 2 more

The Haliburton Beacomb Midgets continued their winning ways into 1977 by knocking off Bobcaygeon

and Oakwood in the first two games of the new year. Last Thursday night the midgets got two third period

goals and that was all they needed to down Bobcaygeon 2-0 in Bobcaygeon. Chris Roberts was credit-

Minden defeats cross county rivals, Haliburton 5-1

Minden's Prentice Roads Pee Wees picked up a good clean win from Haliburton in an away game played Jan. 4. The final score was 5-1 for Minden, with Haliburton's only goal scored in the last half of the third period.

Minden took only four minutes in penalties to Haliburton's total of 16 which gives a good indicat-

ion of which team was on top of the game throughout. Jim McKelvey and Bruce White each put away two goals, Jim McKelvey also picked up an assist, and three assists came from Ivan Ingram.

The first goal for Minden went in at 7:54 of the second period. Jim McKelvey scor-

ed unassisted by Ivan Ingram and Greg Austin. Bruce White scored next, from Jim McKelvey and Ivan Ingram, in the third period, and the goals piled up from there.

Jim McKelvey's second goal went in at 4:18 of period three, assisted by Tim Wood.

John McKelvey was the next to score, on a play from Terry Allore and Jim Pettes. Haliburton's lone goal was scored at 7:54 of the last period, by Tim Hockley, from David Nicholls and Scott Rae.

Minden scored again before they finished at 10:50. It was Bruce White's goal, assisted by Ivan Ingram.

ed with the shut-out in the game.

Goal scorers for Haliburton were Ed Roberts from Bernie Nicholls and Dwight Sisson and Mike Scheffee from Sisson and Mike Iles.

A total of 10 penalties were called in the game with seven going to Haliburton.

Saturday night at the Dysart Arena Haliburton turned on its scoring attack and downed Oakwood 6-1.

Bernie Nicholls, the leagues leading scorer picked up six points on one goal and five assists and Dwight Sisson scored three goals and added two assists for five points.

Andy Salvatori scored the first Haliburton goal after only 2:15 seconds of the first period on a play from Nicholls.

Oakwood evened the count before the end of the period.

Rod Consack put Haliburton in the lead to stay midway through the second period when he connected from Nicholls and Sisson.

With 3:27 to play in the second frame Sisson scored his first goal on a play from Nicholls.

Haliburton went on a scoring rampage early in the

third period and put Oakwood away quick.

Sisson connected for his second marker after just 1:45 of the period with Nicholls and Kevin O'Hara assisting.

Just 22 seconds later Nichols picked up his goal from Sisson and Mike Iles.

Sisson rounded out the scoring at the 5:57 mark of the period on a play from Nicholls and Mike Scheffee.

From the Chamber

BY BOB STINSON

People are getting the word about Haliburton.

When the Pine Stone Inn opening hosted a media day many people in the media business were introduced to the Highlands for the first time. Now they are writing about us. Toronto Calendar Magazine, with a circulation of 170,000 home and apartments in Toronto recently wrote a fine article about the Cross country ski facilities in our area and are preparing an article for their next issue about our winter carnivals.

Vern Telford, at the Ontario Travel Information Centre at Barrie continues to give us very good coverage through approximately sixty radio and T.V. stations that use his reports. The Haliburton County Snowmobile Assoc. and The Haliburton Highlands Cross Country Club are co-operating with the Chamber to relay these reports to the information centre.

CKCO T.V. will be carrying a series of commercials about both Minden and Haliburton Winter Carnivals beginning this week and have also agreed to film some of the events for their news casts. These commercials are financed in part by Central Ontario Travel Assoc. through our membership therein.

The Haliburton Minor Hockey Assoc. and the Lake Kawagami Tourist Assoc. will be introducing a lot of new people to our

area with their upcoming hockey tournaments. January 21, 22 and 23rd will see 16 Atom (10 year old) hockey teams along with their families invade the area. On February 11, 12 and 13th 22 Pee Wee teams arrive for the second three day tournament. All teams for both tournaments have now been accepted and as in the past accommodation is expected to be taxed to the limit.

Two new programs have been set up by the Federal government which appear to be designed to take the place of the former L.I.P. grants. Canada Works, and Young Canada Works applications are available at the Canada Manpower Outreach office in Haliburton. Applications for projects under either program can be scheduled to start between April 4, 1977 and August 22, 1977 and must be completed no later than March 31, 1978. Young Canada Work is designed to employ students so must operate between May 2nd and September 2nd. Projects must be of a non-profit nature and create new jobs that would not otherwise be available. Financing is provided for salaries, within the guidelines and up to \$30.00 for materials for each person provided with a weeks work on the project.

At the Hyland Crest Senior Citizen's Home, Minden, on Thursday January 6, 1977 Jane HARRIS FAIRFIELD In her 99th year.

Beloved wife of the late James Fairfield; dear mother of Hazel (Mrs. G. Colling) of Campbellville, Wilfred of Fenelon Falls, Mary (Mrs. L. Walling) of Haliburton, Dorothy (Mrs. E. Hadfield) of Toronto, Muriel (Mrs. C. Bond) of Sebring formerly of Ottawa, Mildred (Mrs. W.B. Scott) St. Andrew's, N.B. and the late Mrs. Marjorie McCaw of Lindsay and Gladys (Mrs. F. Waters) of Minden; and also survived by 19 grandchildren and 33 great grandchildren; and dear sister of Eleanor Walker of Minden.

FUNERAL SERVICE

Rested at the Funeral Chapel of John Welch & Son Ltd., Minden, from 2:00 p.m. Friday until 1:30 p.m. Saturday, January 8, thence to St. Paul's Anglican Church in Minden for funeral service at 3:00 p.m. Spring interment at Minden Cemetery.

AT REST

At the Peterborough Civic Hospital on Tuesday January 4, 1977 JOHANNA PETRONELLA DE BOS-VERMIJ In her 86th year.

Wife of Hendrik de Bos; loving mother of Johanna Wilhelmina (Mrs. E. Purcell) of Gooderham, Hendrik Petrus Bernardus of Holland Frederik Cornelis of Marlborough, Connecticut; and also survived by nine grandchildren and two great grandchildren.

FUNERAL SERVICE

Rested at the Funeral Chapel of John Welch & Son Ltd., Minden, for complete funeral service and committal in the Chapel on Thursday, January 6 at 2:00 p.m. Spring interment Minden Cemetery.

News from Extendicare

BY CHARLES PLEWMAN

The residents here have come together, in most cases, as rank strangers - they had very little in common, with one exception that all were suffering from disabilities of one kind or another. Now, strangers don't mix very well. If anything, they seek to be alone - Sooner or later they learn that there is no fun in being alone - They discover too that some residents are in worse shape than they are and that they can help them - They finally realize that we are all going to "hang together" or hand separately. It has been very interesting to see emerge from this kind of a situation, something that approaches the spirit and relationship of a big family. Our Christmas Dinner, at which residents and staff sat down together and particularly the free wheeling party which followed, indicated that we had gone a long way in becoming friendly and in accepting each other with all our eccentricities. The sense of oneness or togetherness that prevailed at the party was doubtless enhanced by the spirit of Christmas.

It seems to me that a comparison can be made between this situation and the one Canada is facing today. We have two founding races that met as strangers and throughout the years have remained strangers. They have not lived together but along side of each other. Fear and racial prejudice have kept us apart in our two solitudes. As a result, we have no national identity - no national consciousness, and no solidarity. What we have amounts to five, more or less, separate identities in the provinces of the Maritimes, Quebec, Ontario, the Prairies, and British Columbia.

If we continue in our provincialism - whitte away national power and responsibilities - refuse to try walking in the other fellows shoes, this whole country so nobly conceived could blow up in our face. You say impossible - not in the least. It could happen and it will happen unless we change our ways.

Don't fool yourself, all the Separatists are not in Quebec. There are plenty of them in the West who are already alienated - stir them up further and anything could happen. Most of us consider that we are not racially minded. My friend, it is amazing how many respectable, racially prejudiced people there are who think they are not. If we have been brought up in a strong wasp environment, some of its "superiority" is nearly sure to have rubbed off on us. But to come back to where we started, Canada is not one big happy family. It lacks the sense of oneness that even Extendicare has achieved in its short career. If we believe in Canada we had better start doing something about it or it may be too late.

The Happy Gang, with Jake Gill in the chair, held a good meeting on Wednesday, Jan. the 5th. The meeting concerned itself mostly with plans for Parkdale, our New Horizons project. We now have a Gestetner copying machine that can be used for making letterheads, posters, admission tickets, etc. The product is just like that of a printing job and it costs much less. If you would like to take advantage of it, phone Mrs. Lewis at 457-1722.

The Treasurer's report was approved. It was decided to forgo the greenhouse in favour of 4 planter units using fluorescent lights. Mrs. Miriam Lewis very kindly suggested that part of her office be used for a kitchen to serve small groups desiring to prepare a meal for themselves. This would include persons visiting residents and small groups from the town who might wish to play cards.

Each week I would like to refer to a few of the residents that make up our group. Jim Allen comes from Kilmount. He is a bachelor and at the same time a ladies man. Arne Andersen hails from Markham. Originally from Denmark - a good fellow. Mrs. Evelyn Anderson, a well known retired Doctor from Bancroft, and the efficient Secretary of the Happy Gang.

Staff member Cecile Richardson had a baby girl on December 31st. We wish them well.

The Rev. Trevor Denny presided at our weekly Devotional Service on Friday the 7th of January. The theme of his talk was the "Nearness and Dearthness of God and His Great Concern for each One of Us."

Extendicare was the scene for a party for the "Over Sixties" on Friday, January 7th. The informal programme consisted of country music as its best by an orchestra made up of Al Blanchard, Bob Long, Neil Howe, and Phillip

Finlay, assisted by Jake Gill and Charlie Pleman on harmonicas. Ezra Lott gave a rendition of "Same McGee." The new bowling equipment, made possible by the New Horizons plan, was used for the first time. The residents and outsiders were very happy with the improvised music of the orchestra and are looking forward to an early return engagement. Our latest arrival is Miss Barbara Barry from Haliburton.

MOVE AHEAD IN '77

A fully trained staff can make the difference. If skill shortage exists, we will help meet your manpower needs through our Canada Manpower Industrial Training Program. We will help set up your training program and provide financial assistance to cover a portion of the training costs.

Gems of Truth

Flying on One Wing

Some years ago, a very common man in one of the Scottish country kirks but well versed in the doctrine of the Lord's return to earth, went to hear another preacher in a city setting. After sampling the messages delivered in different areas he returned to his own village and here people asked him how he liked the Edinburgh preachers. His simple reply was, "They all fly on one wing, they all preach the first coming of Christ, but they do not preach His Second Coming." In the light of present day disregard for the truth that Holy Writ vehemently declares that Jesus will appear on earth again, was not the conclusion of the commoner correct?

The first coming of the Lord Jesus is widely proclaimed and believed in. Not so, His second appearance! Among those who do believe in a return, are many who declare that appearance is not important for our day. Since it is to be at some future date, why be star-gazers they say? To them that future appearing is not the message for our day. How about it? Is such blatant unconcern and disregard for what the Scriptures have to say, issuing from sincere and dependable exponents of truth? A firm belief in the inerrant Word Of God surely should establish...

lish every true child of Jehovah the Lord and prepare such for the returning King of Glory.

Since the exact time of that return is in the Father's hand alone, it ever remains a challenge to His born-again ones to be on the alert. This is the gist of Christian living. It is to so live a life that is pleasing to the indwelling Holy Spirit and not be caught in places or engaged in activities that we would not want to be found in when the hour of the Lord's return strikes.

With what certainty can we know that there will be such a literal return of the Lord Jesus Christ? It must be admitted first of all that His first coming as a Babe was a literal or actual fact. That first appearing was not just a spiritual one, it was literal. Jesus was born into the world, and lived, died, rose again, and was exalted in the presence of the Father "exactly" as the Old Testament Scriptures foretold. Is not this the case? Isaiah was God's spokesman as to His Virgin Birth. (Is. 7:14) (Matt. 18:23). Micah predicted that Jesus would be born at Bethlehem of Judea (Micah 5:2). The Synoptic Gospels of Math. and Luke repeat the foretelling come to pass and in the manner Isaiah had announced (Is. 61: 1-2a) (Luke 4: 18-19). Furthermore, the rejection of the One thus accurately

come to the scene as foretold by Isaiah cannot be denied. (Is. 53:1-5, John 1:11) Even the Psalmist was correct as he gave a detailed description of what would happen to the Son of Man. (Ps. 22). The resurrection of the Crucified One was also seen by the Old Test. prophet and verified by New Test. servants of the Lord Jesus. (Ps. 2:7; Acts 13:33-34, Ps. 16: 9-11, Acts 2: 25-28 13:35) Again, the ascended Lord, exalted at the Father's right hand was the predicted and fulfilled promise to the Victor over death, Ps: 110:1, John 20:17 Acts 1:9, 7:56, Rev. 3:21.

In connection with the foregoing references of Scripture it must be observed that the fulfillment was realized in the most "literal" sense, exactly as had been foretold. They were in no way fulfilled in a metaphorical, figurative or spiritual way, but in actual stance or literal. This is the way God's prophecies are fulfilled. God alone can foretell the future and what He foretells, He also makes good in the same literal way. He had foretold it. Is. 46: 9-10, 9:6-7. Since both the Old Testament and the New state the descent or coming back of Christ to the earth with His saints, why should anyone reject the fact that it will be a literal coming? (cont. next week)

Thank-You
I wish to thank all those who remembered me with gifts, flowers, cards and visits while I was a patient in St. Michael's Hospital in Toronto. A special thanks to the children of Gooderham school who took time to make me a hand made card and wished me back. Thanks to everyone.
Myria Stoughton

We wish to express our gratitude to relatives, friends and neighbours for acts of kindness, floral arrangements and charitable donations received during our bereavement in the loss of a dear father and grandfather Cecil Harrison.
Special thanks to Dr. Hayes of Haliburton, the Lochlin U.C.W. and all ladies for assistance to Rev. Nicholson for his comforting message, the pallbearers and to Gordon Monk, Funeral Director of John Welch & Son for his kind and understanding service.
To all a sincere thank you.
The Harrison Family

IN MEMORIAM
SEDGWICK - In loving memory of Clarence Sedgwick who passed away on January 4th, 1971, and Annie Lenora Sedgwick, who passed away January 19th, 1972.
We have only your memory, dear mother and father, to remember our whole life through.
But the sweetness will linger forever
As we treasure the image of you.
Sadly missed, Beatrice, Eva, Garnet and families.

NEWELL - In loving memory of a dear mother and grandmother, Victoria Newell, who passed away January 13, 1973.
Mother, as time unfolds another year
Loving memories keep you ever near.
Silent thoughts of times together
Hold memories that will last forever.
Lovingly remembered by Mike, Yvonne, Kevin, Cheryl and Glenda.

IN MEMORIAM

DAVIS - In loving memory of our dear Dad, and Grandfather, John, who passed away five years ago, Jan. 9 1972.
Beautiful memories are wonderful things.
They last till the longest day.
They never wear out, they never get lost.
And never be given away.
To some you may be forgotten.
To others a part of the past.
But to us who loved you and lost you
Your memory will always last.
Always remembered by daughter Chub and family.

DAVIS - In loving memory of my dear husband, John, who passed away, Jan. 9 1972 and grandson, Larry Reynolds, Dec. 17, 1975.
God's Golden Gates stood open
Five years ago today.
With farewell left unspoken
You quietly slipped away.
You suffered much in silence
Your spirit did not bend,
You faced your pain with courage
Until the very end.
You fought so hard to stay with us
But your fighting was in vain.
God took you to his loving heart
And freed you from all pain.
Always remembered by wife Tessie and Gramma.

Report from Queen's Park

BY MPP JOHN EAKINS

On Thursday, December 16, 1976, The Honourable Margaret Birch quietly released the Report of the Interministry Committee on Residential Services. Unfortunately, only three copies were tabled in the

House, and additional copies are difficult to obtain. This report is highly critical of the Government's administration of residential services. It notes that 23 separate residential systems are at present in operation under provincial legislation and supervision. In connection with the programs which are intended to serve children and young adults, the report underlines the necessity of far-reaching reforms in this area of provincial jurisdiction. It states, for example, that "our uncontrolled and unco-ordinated flow of admissions and lack of classification make it a matter of chance whether a particular child will go to a children's aid society home at \$8 or \$9 a day or a Children's Institution at \$25 a day or a Children's Mental Health Centre at \$60 a day." This particular passage is concluded with the following admission: "Without generally accepted classification and monitoring of admissions flow and control, it could easily happen and perhaps does - that a facility charging an overall rate of say \$45 per day has only about 1/3 of the children in it who should be accorded that level of care. We simply don't know."

The report also indicates that program effectiveness is not related to staff ratios. It was also found, apparently, that "there was a tendency for the same number of staff to be working directly with residents at any given time regardless of the size of overall staff," although "differences in staff ratios were almost wholly responsible for variations in cost."

In an Appendix to the Report on the subject of Children's Mental Health Centres, there is the following information:

Nor formal operating manual exists. Financial and program disputes are at present resolved "outside existing policy by appeals to politicians and other forms of pressure."

No requirements at present exist for facilities to report "reasons for admission, progress of treatment, reasons for discharge, or actual number of children in residence."

Quarterly financial reporting procedures, while supposedly in preparation, do not exist. No percentage utilization figure is given.

No average per diem figure is given, although the Henderson Report indicated an average estimated annual cost of \$23,000 per person, that is \$63 per diem.

Now that this forthright report has been made public, we can only hope that much needed reforms will soon be made.

13 vehicle crashes

The Minden detachment of the Ontario Provincial Police investigated 13 motor vehicle collisions and 46 general occurrences during the period between Jan. 3 and Jan. 9.

During that time members of the detachment delivered three compassionate messages, charged one person with impaired driving and six persons were charged with snow vehicle violations.

Two persons were injured, one seriously in a single car accident Sat. at 4:15 p.m. on Highway 121 north of Minden.

Audrey Bannon received major injuries and was taken to Minden Hospital when the car she was a passenger in entered the north ditch of the highway.

Nancy Bannon, 18 of Haliburton, the driver of the vehicle received minimal injuries in the crash.

There was \$600 damage to the Bannon vehicle.

A car-truck crash Sunday at 5:50 p.m. on Highway 121 west of Haliburton resulted in a West Guilford man being taken to Haliburton Hospital with minor injuries and the same person being charged with failing to yield.

Wade Stamp, 18 was the driver of a pick-up truck which received \$1,000 damage.

The other vehicle, a car driven by Glen McLaughlin, 46 of Etobicoke received \$900 damage in the crash.

A truck grader crash Friday resulted in \$600 damage to the truck and no damage to the grader.

Meeting with union

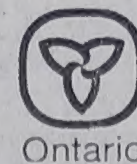

Members of the Canadian Union of Public Employees local which has the workers for the municipality of Dysart et al and the council will be meeting to discuss a new contract Feb. 1.

It was pointed out at Monday's meeting of the council that the municipal officials have the union's demands before them.

It was also noted that the union will be meeting with the county next month as well.

Do you consider your woodlot to be a source of income? Many private landowners rely upon the financial gains resulting from periodic timber harvests. The Ministry of Natural Resources invites you to take advantage of our FREE Timber Marking and Advertising Service. Marking will be carried out by our experienced staff, following the most up-to-date forestry practices. Market competition arising from the advertisement of your timber will ensure that you receive a fair price.

For further details please contact the Ministry office in Minden at (705) 286-1521.
